Many students are looking at a brighter future as the number of scholarships and grants that have become available in recent years continues to increase. New scholarships are coming out all the time and they really can't all be listed here! Here are some of the more well known ones that you can take advantage of: Scholarships and grants often run out in the fall, so make sure you get in line by October 1st to have the maximum time to use them! The sooner you apply for these scholarships and grants, the better the chances of having the scholarship or grant completely covered. Many colleges in the fall will start accepting applications for scholarship and grant money from the previous year as a result of the application being counted as a continuing application. In addition to the scholarships mentioned above, here are some scholarship resources that have been recently added to our site that may not have been included in the list above: One of the most useful resources on the entire net is a big data base of scholarship information that includes scholarships from undergraduate and graduate programs from all over the country. This data base is searchable by geographic location, level, discipline, and many other aspects of your interest. It is located at [www.bigdata.com/scholar.php](http://www.bigdata.com/scholar.php). Some of the information on Scholarship How To's is provided by the United States Department of Education. They are a fantastic source of information regarding many of the programs listed on this site. The following link will take you to the US Department of Education information regarding scholarships available for any and all grades. [www.ed.gov/offices/OSF/advisories/competitions/competition-info.html](http://www.ed.gov/offices/OSF/advisories/competitions/competition-info.html). There are also many large Internet companies out there that offer many scholarships to the student community. This can include Web sites, social media sites, and other companies you see advertised on TV and in magazines. Finally, this site contains a wide list of scholarships from around the web. You can always use the search box in the upper right to find a scholarship that matches your need/area of interest. To learn more about how we can work together to provide you with great information to make your college experience easier and more fun, see here for more details
